

Gordon also embellishes the tonic triad in this example. He approaches each note of the triad with a half step from below. The background perspective is also used here.

- Dexter Gordon “Red Cross”

B♭maj7

The musical notation for "Red Cross" consists of two staves. The upper staff is a treble clef with a key signature of two flats (B♭ and E♭). It contains a melodic line with eighth notes and rests. Fingerings are indicated below the notes: 1, 1, 1, 1, 1, 5, 3, 1. The lower staff is a bass clef with the same key signature, containing a harmonic accompaniment of eighth notes. Chords are labeled above the staff: B♭maj7, Gm7, Cm7, F7, B♭maj7, Gm7, Cm7, F7.

Gordon also ornaments the tonic triad in this example. Each chord tone is approached with a three-note group.

- Cannonball Adderley “Oleo”

B♭maj7

The musical notation for "Oleo" consists of two staves. The upper staff is a treble clef with a key signature of two flats. It contains a melodic line with eighth notes and rests. Fingerings are indicated below the notes: 5, 1, 5, 1, 5, 1. The lower staff is a bass clef with the same key signature, containing a harmonic accompaniment of eighth notes. Chords are labeled above the staff: B♭maj7, Gm7, Cm7, F7.

This embellishment only ornaments the root and fifth of the tonic triad, but a 3/4 cross rhythm is also implied.

- John Coltrane “Good Bait”

B♭maj7 Cm7 Cm7

The musical notation for "Good Bait" consists of two staves. The upper staff is a treble clef with a key signature of two flats. It contains a melodic line with sixteenth-note runs and eighth notes. The lower staff is a bass clef with the same key signature, containing a harmonic accompaniment of sixteenth-note runs and eighth notes. Chords are labeled above the staff: B♭maj7, Cm7, Cm7, F7. The number '6' is written below the lower staff, indicating a sixteenth-note run.

Here Coltrane performs an embellishment of the ii⁷ chord. In contrast to the earlier examples, it is not the I chord which is prolonged but the predominant chord Cm⁷.

TRIADIC EMBELLISHMENTS: EXERCISES DERIVED FROM THE MASTERS

All the derived exercises are transposed to the key of C but should be practiced in all keys.

1) Cm⁷

2a) Cm⁷

2b) Cm⁷

3) Cm⁷

4) Cm⁷

5) Dm⁷

There are countless other ways to ornament triads and seventh chords besides what is displayed in these examples. The following exercises are also derived from the jazz tradition.

1) C^Ma7

2) C^Ma7

3) C^Ma7

4) C^Ma7

5) C^Ma7

SEQUENCES: EXAMPLES FROM THE MASTERS

Sequences are very effective for expressing middle ground and foreground harmonies. Often diatonic sequences are hidden by ornamental pitches, but sometimes they are more obvious.

- Sonny Stitt “Eternal Triangle”

Stitt uses the three diatonic triads Bbmaj – Cmin – Dmin in sequence.
